Professional Summary

External Audit Senior with six years of experience, including roles at KPMG and RSM. At KPMG, worked on 20+ external audit engagements across aviation, sports, construction materials, retail, and food production, covering clients from mid-sized entities to businesses with annual revenues of approximately 2bn. Managed up to two concurrent engagements, supervised five junior team members, and reviewed 50+ IFRS financial statements, including cross-engagement reviews. Experience includes listed, multinational, and group audits, with technical exposure to IFRS 15, IFRS 16, complex accounting matters, audit adjustments, and financial reporting recommendations.

Experience

Senior Auditor | KPMG

Oct 2022 - Present

- Delivered audit engagements for more than 20 clients, ranging from mid-sized businesses to entities with annual revenues of approximately 2bn.
- Managed up to two concurrent audit engagements, coordinating planning, fieldwork, client requirements, review cycles, and reporting deadlines.
- Assessed complex accounting matters, including IFRS 15 and IFRS 16, identified accounting adjustments, and translated technical findings into practical recommendations.
- Supervised and provided technical guidance to five junior team members throughout audit planning, execution, and completion.
- Coordinate with finance departments and senior management on key financial reporting matters.

Auditor | RSM

Oct 2021 - Oct 2022

- Worked on external audits of eight companies across real estate, financial services, logistics, and other sectors, serving as engagement lead on five audits.
- Conducted risk assessments and evaluated internal control structures as part of audit planning and execution.
- Drafted financial statements and reviewed accounting entries, reconciliations, and supporting schedules for accuracy and completeness.
- Applied RSM audit methodology and tools and performed budgeting reviews and analytical procedures.

Auditor | M. Alhagawi Audit Firm

Aug 2020 - Sep 2021

- Prepared trial balances and performed detailed general ledger analysis.
- Drafted IFRS financial statements in line with local regulatory requirements.
- Reviewed accounting records and ensured proper classification of accounts.
- Reviewed accounting records and supporting schedules for completeness, accuracy, and proper classification
- Supported month-end closing activities and account reconciliations.
